

How do I export my notes for my iPublish books?

Don't lose access to your notes, highlights, or bookmarks. Export them before December 31, 2015. There is no way to access these after this date.

Instructions

1. Log in online at www.ebooks.nutritioncare.org using your A.S.P.E.N. username and password.
2. Navigate to 'my folder' at top right
3. Go to 'profile settings' at top right and select 'my notes'
4. Check the tick boxes at the left of each note you want to export (the one at the top left selects all of them at once)
5. Then click 'export to Excel'.
6. Make sure you save your notes for easy reference, as these notes will not be imported over to the new Tizra environment.

If you have any questions about how to do this, please contact Megan White, meganw@nutritioncare.org.
